

ÉCRAN TACTILE INFRAROUGE UHD

65" 175" 186"

Designed as Windows 10 devices, Vestel interactive flat panel displays are powered by the Windows 10 operating system, running Windows desktop as well as all of the security features and native Universal Windows Platform (UWP) apps.

An integrated, all-in-one tool, the Vestel Conferencing Solution enhances the productivity of all your meetings, offering microphones and speakers as well as an HD video camera to enable rich audio, video and data collaboration.

Office 365 proposed plans

Office 365 Business Essentials	Office 365 Business Premium
<p>Online versions of Office with email and video conferencing</p>  <ul style="list-style-type: none">• Email with 50 GB mailbox• 1 TB file storage and sharing• HD video conferencing• Office Online	<p>All the features of Business Essentials and Business in one integrated plan</p>  <ul style="list-style-type: none">• Email with 50 GB mailbox• 1 TB file storage and sharing• HD video conferencing• Fully installed Office on PC/Mac• Office apps on tablets and phones

Software tools, such as Skype for Business, OneNote and all applications in Office 365 run natively within Vestel IFPDs.

Upgrading conferencing technology in meeting rooms across the globe, Skype for Business together with Office 365 applications make it easier to join meetings, enabling participants to see, hear and share more.

OneNote may create the screen sharing environment easy to participate with handwriting, annotation documents and sketching out your teams big idea. The natural feel of pen and paper meets the power of digital ink.
